# KEEP BLOOMING PANEL QUILT

## FINISHED QUILT SIZE 60" x 60"

Measurements include ¼" seam allowance.

Yardage calculated using a 42" usable width of fabric.

## GENERAL INSTRUCTIONS

Please check our website [www.rileyblakedesigns.com/pattern-updates](http://www.rileyblakedesigns.com/pattern-updates) for any revisions before starting this project. This pattern requires a basic knowledge of quilting techniques and terminology. The projects portrayed are virtual images. The looks of the projects may be different with actual fabric. The project virtual(s) shown may be different than the image shown on the actual cover. Backing yardage is shown using the best use of fabric and may not be intended for directional fabric.

Please note that prewashing can shrink your fabric. Always verify after washing and drying that there is still 42" of usable width available. Shrinkage can affect the size of panel motifs and fussy cutting sizes may need to be adjusted. If this is the case, add strips around the edge of the fussy cut piece to create a pieced unit that matches the size of the fussy cut dimensions given in the cutting instructions.

WOF = Width of Fabric

RST = Right Sides Together

SNF = Stitch and Flip
