ROUNDED CLUTCH

YOU WILL NEED

- Fabric A (Sew Retro- Grid Green) 22" x 12"
- Fabric B (Sew Retro- Main Navy) 31" x 22"
- Foam Batting 35" x 12"
- Bag Fastening- Button or Magnetic Clasp
- Gemini™ Rounded Clutch Template
- Embellishments (optional)
- Sewing machine
- Co-ordinating thread
- Basic sewing kit

CUTTING PREPARATION

- Cut two main panels from fabric A
- Cut two main panels from fabric B
- Cut two main panels from foam batting
- Cut two bag flap panels from fabric B
- Cut one bag flap from foam batting

HOW TO MAKE

1 Adhere batting to the wrong side of the two main panels and one bag flap panels.

2 Bring the edges of the dart together and stitch to secure, repeat with three remaining darts **[A]**.

3 At this stage add your choice of fastening, magnetic clasp or button **[B]**.

4 Place both outer panels right sides together and sew around the curve of the panels **[C]**.

5 Repeat steps two and four to create your bag lining.

6 Place the two bag flaps right sides together, sew around the two sides and curved edge. Turn through so right sides are facing and edge stitch around the panel **[D]**.

7 Right sides together centralize the bag flap along the top of the bag back panel. Stitch to secure **[E]**.

8 Turn the outer bag inside out and place the bag lining inside the outer bag ensuring that right sides are together. Sew around the opening of the bag, turn through the gap in the lining **[F]**. Hand stitch the opening in the bag closed.
