You will also need: 4-1/2 yards backing and batting and 1/2 yard binding fabric.

Notes Before You Begin

- Please read through all of the instructions before beginning.
- All of the seam allowances are 1/4" unless otherwise noted.
- Width of fabric (WOF) is equal to at least 42" wide.
- Press all seam allowances open after each seam is sewn, unless otherwise noted.
- Remember to measure twice and cut once!

Cutting Instructions

- Cut the number of squares indicated by the chart

Tip: You may cut your center squares at 4-3/4" x 4-3/4" or 5" x 5". It will slightly affect the size of your finished quilt, but the middle and outside squares can remain 6" x 6".

- Cut all of the "middle" squares in half twice diagonally and all of the "outside" squares in half once diagonally.

6" x 6" middle squares

6" x 6" outside squares

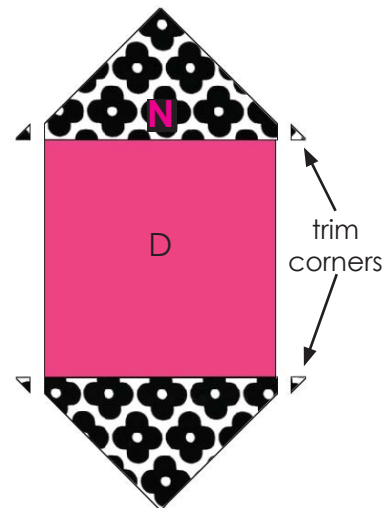

Assembly Instructions

Step 1: Make the Blocks

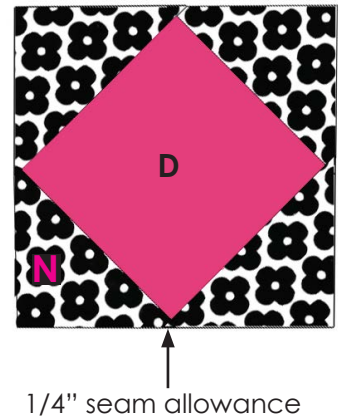

You may use the quilt assembly diagram on page 6 as a reference when matching up your block fabrics, or mix them up as you like. Be sure to match up fabrics to create contrast between the center, middle and outside squares.

- Sew two Fabric N "middle" triangles to opposite sides of a Fabric D square. Press seam allowances towards Fabric N. Trim corners of Fabric N to true up the edges.

Tip: Before pinning pieces together, fold each piece in half and finger press a crease into the center. Then match the centers so that the triangle points stay centered.

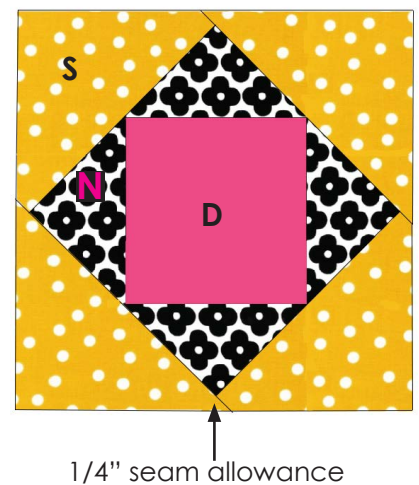

- Sew two Fabric N "middle" triangles to the remaining two edges of the Fabric D square. Press seam allowance towards Fabric N.
- Trim Fabric N on all sides, so that there is a 1/4" of seam allowance past the Fabric D points. The block will measure about 6-1/2" x 6-1/2" at this point.

- Sew two Fabric S "outside" triangles to opposite sides of the block. Press seam allowances towards Fabric S. Trim corners of Fabric S to true up the edges.

- Sew two Fabric S "outside" triangles to the remaining two edges of the block. Press seam allowance towards Fabric S.
- Trim Fabric S on all sides, so that there is a 1/4" of seam allowance past the Fabric N points. The block will measure 8-1/2" x 8-1/2".

If your block doesn't measure 8-1/2" square, it's ok. As long as your seam allowances are consistent and all your blocks are finishing at the same measurements, the quilt top will work out.

Repeat Step 1 to make a total of sixty-three blocks.

Step 2: Assemble Quilt Top

Sew blocks into nine rows of seven blocks each and then sew the rows together.

Your quilt top is complete! Baste, quilt, bind & enjoy.
